EUROPEAN SHOOTING CHAMPIONSHIP SHOTGUN

SHOOTINGPARK LEOBERSDORF, AUT 30 JUL - 13 AUG 2018

Jury members (Jury of Appeal, Competition Jury, and Equipment Control Jury) will be designated by the ESC to supervise the European Shooting Championship. Qualified Range Officers / Referees holding applicable ISSF licenses will conduct the competitions.

Shotgun Equipment

All skeet athletes must have ISSF seals with serial on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control for inspection and the affixing of a seal before the competition.

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory, however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to being selected for random testing during the competition. Athletes found to be in violation of the rules for guns or skeet marker tapes will be disqualified.

Cartridge Controls

During Qualification, athletes whose cartridges are to be tested are selected by a computer draw. Between 10% and 18% of the athletes participating in an event will be selected for cartridge testing. Two (2) plus four (4) cartridges will be selected from each athlete and placed in separate labeled envelopes. The two (2) cartridges must be tested, first. If both cartridges weigh 24.50 g and below, no further action will be taken. If one (1) or both cartridges weigh more than 24.50, then the four (4) cartridges in the second envelope must be tested. If the average of the six (6) cartridges weigh more than 24.50 g, then the athlete must be disqualified (DSQ) (Rules 9.4.3.1. & 9.4.3.2).

During Final, all six (6) finalists must be tested using the same procedure. The Finalists or their Coaches/Officials must bring, as early as possible, but not later than 30 minutes before the scheduled start of the Final (Reporting Time), all the cartridges that will be used during the Finals and place them in separate Cartridge Control Boxes on the Finals field of play. The Finalists must report at least 15 minutes before the start of the Final. The Equipment Control Jury will take the necessary samples from the boxes. The boxes must be left under the supervision of a Shotgun Jury Member. Once ammunition is placed in the box, only the Equipment Control Jury or the Finalist can remove ammunition from the box. If additional cartridges are brought to a Finalist during Finals, samples from those cartridges must also be selected for testing. All cartridge controls must be completed before the start of the Presentation of the Finalists. Any disqualified (DSQ) athlete will not be allowed to participate in the Finals (There will be no elimination for 6th place; the first elimination will be for 5th place).

Colored Wad

Only transparent or translucent wads with no colour may be used. For a violation of this Rule, the athlete must receive a **Warning (Yellow Card)** for the first occurrence. For a repeat violation, the athlete must receive a **Deduction (Green Card)** of five (5) targets from the last five (5) hit targets in the last completed round (Rule 9.4.1).

For centuries the gateway between West and East Europe, it was the natural nucleus of the once sprawling Habsburg Empire, and to this day remains Austria's most important commercial and cultural hub. Vienna continues to attract visitors with its many great historic sights, as well as for its busy program of events and entertainment. With an unmistakably cosmopolitan atmosphere, it retains a distinctive charm and flair, an effect accentuated by its fine old architecture, its famous horse-cabs (Fiaker), as well as its splendid street-side cafés with their Viennese coffees and treats.
